How we can survive in cost of living crisis?

1. Look for cheaper insurance for home and car

Compare costs from the wider market before auto-renewing with the same provider

2. Current account switching offers

Check the different banking site to know what they offer

3. Find out if you are entitled to any benefits

If you are working and have a child between age three and four, if you are eligible will get 30 hours free child care

Who can contact for help?

If you can't afford household bills or repayments on debts contact the company and explain your situation. It may agree to reduce your payment for an agreed period of time or set up a payment plan. Energy companies may offer an affordable payment plan or provide emergency credit to prepayment customers who can't afford to top up.
